# Tahune Adventures

River. Forest. Sky.

fact  
sheet

Experience the power of nature walk above the forest canopy – share the lives of the forest giants

## Tahune AirWalk

From up-close – look down from high to the place where the wild waters of the Huon and Picton Rivers mingle. This 600 metre walkway ends at the spectacular cantilevered platform 50 metres above the riverbank. The views extend to the mountains of the Tasmanian Wilderness World Heritage Area.

- Tasmanian wet southern forests are home to amazing flora including the world's tallest flowering plant Eucalyptus regnans
- Wheel chair access available
- Complimentary on site shuttle service available on request

## Huon Pine Walk

This picturesque, short and easy walking track will take you along the forested banks of the Huon river. Note the dark tannin coloured waters flowing from the button grass plains in the World Heritage Area. See, touch and smell the ancient Huon Pines that grow within the 20-minute loop walk.

- The Huon Pine is Australia's oldest living tree and is one of the oldest living organisms on earth. The Huon Pine grows at an incredibly slow rate of between 0.3 – 2mm per year

## Swinging Bridges Walk

This three kilometre track crosses the wild Huon and Picton Rivers. Pause at the viewing platform take in the spectacular panoramic outlook where the rivers meet. Discover the ruins of Constable Francis McPartlan's 1870s house. Imagine living here alone, deep in the wilderness.

- Swinging Bridges are 103 metres over the Huon River and 72 metres over the Picton River

## Eagle Hang Gliding

Soar like an eagle from a lofty perch high in the treetops – feel the wind beneath your wings as you dip and swoop on a thrilling 450-metre return glide across the Huon River.

The flight is exciting – and cable-controlled for safety. No pilot's licence needed!
